## Bumper-to-Bumper warranty

Accidents can take your equipment out of service when you least expect it, especially in a rugged environment, which can cause costly equipment downtime.

That is why Getac has introduced accidental damage as standard under our new

Bumper-to-Bumper warranty, to help minimize your enterprise IT costs.

Bumper-to-Bumper is your hassle-free guarantee.

That means you can depend on us to have your unit back in service within days.

## Standard

3 years Bumper-to-Bumper

# GETAC B360 LAPTOP DOCKING STATION

Engineered for the demanding work environments in utility, public safety, and material handling

Gamber-Johnson's new B360 laptop docking station is designed for the Getac B360 rugged computer and the new Getac B360 Pro with the high capacity battery and factory installed expansion capability. The B360 docking station features a convenient front-facing docking release latch making it simple to dock/release the computer without reaching. The front-facing dual USB ports are convenient when you need temporary port access but utilize the rear-facing full port replication to more permanently connect the peripherals you use on a daily basis. This docking station provides fast-charging USB ports for situations where time is critical and a keyed lock to protect your investment when you are away from the vehicle. Combine Gamber-Johnson's mounting equipment with the B360 docking station to create an ergonomic vehicle office for any application.
